RECOGNIZE DOMESTIC VIOLENCE AWARENESS MONTH – OCTOBER

WHEREAS, Domestic Violence remains one of society's challenges as a crime under-reported having significant impact on victims and their children – including physical, emotional, financial, social, and spiritual implications so in nationally recognizing October as Domestic Violence Awareness Month, it promotes a time for the community to come together and build awareness toward safe and healthy relationships for all individuals and families.

WHEREAS, Domestic violence touches every person in our community and society as a whole; and violates a person's dignity, safety, and basic human rights, and knowing the Offices of District Attorney and Sheriff support services that assist victims of domestic violence, including District Attorney's Victims Assistance program advocating for victims and assisting victims in their court appearances, legal rights, psychological, personal safety and family needs while additionally the Yates County Sheriff has VineLink.Com and Victims Hotline providing automated information (1-800-VINE-4-NY) about an offenders incarceration (jail) status to registered victims to help them find a greater sense of safety, and SAVIN the NYS Sheriffs 'order of protection notification program, as well as advocating the National Domestic Violence Hotline at 1-800-799-SAFE.

NOW, THEREFORE, BE IT RESOLVED, that the Yates County Legislature proclaims October 2016 as Domestic Violence Awareness Month in Yates County together with the theme of purple ribbons and "*Take a Stand Against Domestic Violence*" theme which brings awareness to the issue and emphasizes that families and especially partners in a healthy relationship demonstrate respect, feel physically and emotionally safe and take care to prevent any troubles when they occur, and further

RESOLVED, that by showing an ongoing commitment to and support for victims of domestic violence we recognize the efforts of the office of District Attorney, the Sheriff, and especially Safe Harbors of the Finger Lakes (SHFL), as well as other entities in our local and Finger Lakes area community in ensuring advocates and supportive services are available to victims, and further

RESOLVED, that a copy of this resolution be provided the Sheriff, District Attorney, and SHFL.

**PROMOTE LEGISLATION FOR THE USE OF VIDEO
CONFERENCING FOR INMATE COURT APPEARANCES**

WHEREAS, under current law, video conferencing of inmates for arraignment or other court appearances is permitted in several counties, but is actually not in practice because the law requires the inmate to agree to such an appearance; and

WHEREAS, many counties have video conferencing systems which are not used for inmate court appearances, simply because inmates routinely chose to be transported to court rather than make an appearance by video conference; and

WHEREAS, expanded use of video conferencing for court appearances would save much time and county taxpayer expense by avoiding transporting inmates to court for minor or routine matters, make courtrooms safer, and avoid problems which might happen when inmates are transported by auto or van to a court miles away from the jail,

NOW, THEREFORE, BE IT RESOLVED, that upon the recommendation of the Yates County Sheriff that this Legislature supports NYS legislation to promote the full and expanded use of video conferencing for court appearances for inmates held at the county jail; and that the applicable judge in the presiding court, and not the inmate, should make the determination as to whether video conferencing is appropriate for the court appearance to be made; and

RESOLVED that copies of this resolution be sent to Governor Cuomo, and the leaders of both the Senate and the Assembly, as well as our own representative Senator and Assemblyman, the NYSAC, and the Sheriff.

SUPPORT EFFORTS TO PROVIDE HIGH-NEED INDIVIDUALS WITH MEDICAID COVERAGE THIRTY DAYS PRIOR TO JAIL RELEASE

WHEREAS, a critical gap exists between medical care for individuals in jail or prison, and health coverage for individuals leaving incarceration because while in jail, medical care is provided through the correctional facility, and upon release many inmates are left without coverage at all; and

WHEREAS, it has been reported that one in 70 formerly incarcerated individuals are hospitalized within a week of release from jail, and one in 12 are hospitalized within 90 days; and

WHEREAS, numerous federal and state studies have shown that formerly incarcerated individuals are more susceptible to drug overdose and hospitalization as recognized by the Governor's Council on Community Re-Entry and Reintegration who recommended expanding health care coverage for formerly incarcerated individuals, as the authority for the initiative was included in the 2016-17 State Budget that builds on federal and New York State efforts to reduce rates of incarceration and recidivism, combat the opioid epidemic, and other substance disorders, and improve community based mental health care; and

WHEREAS, the New York State Department of Health (DOH) has engaged with the federal government and is in the process of finalizing a waiver request with the Centers for Medicare and Medicaid Services, with the purpose of the waiver to better connect individuals to the outside healthcare system and prevent barriers that would prevent individuals access to health coverage both in the short and long terms.

NOW, THEREFORE, BE IT RESOLVED, the Yates County Legislature supports the efforts put forth to continue efforts to receive federal approval to provide high-need individuals with Medicaid coverage 30 days prior to release to avoid relapse and recidivism, and

RESOLVED, that copies of this resolution be forwarded to Governor Cuomo, the New York State Legislature, the New York State Department of Health, our NYS Senator and Assemblyman, NYSAC, and our Sheriff.

RESOLUTION CALLING ON THE GOVERNOR AND LEGISLATURE TO PLAN FOR NG911 IN NYS AND CREATE A STATE 911 DEPARTMENT THAT SUPPORTS COUNTY PSAPS AND ENHANCES LOCAL EMERGENCY DISPATCH SERVICES

WHEREAS, counties provide 911 services in New York State by operating Public Safety Answering Points (PSAPs) that serve all residents in times of emergency by dispatching emergency medical, fire, and police assistance, and the Yates County Sheriff's Office oversees this vital task in this county; and

WHEREAS, we continue to incur substantial costs to upgrade and maintain communications systems, as well as keep up to date with technological changes due to a fundamental shift toward an IP based 911 system that is commonly referred to as Next Generation (NG 911); and

WHEREAS, NG 911 requires greater planning and investment on the part of local governments in order to keep pace with rapidly evolving consumer technologies while recognizing that the majority of states across the country have aggressively begun preparing for NG 911 and in numerous instances deploying significant infrastructure and policies to build the foundation for a NG 911 system; and

WHEREAS, New York State has done comparatively little to prepare for NG 911 and is facing significant risk in becoming a straggler in the deployment of NG 911 technologies; and the lag in planning and investment in NG 911 places New York's citizens at risk as they rely on a legacy 911 system that is rapidly becoming IT obsolete; and

WHEREAS, the NYS Public Service Commission (PSC) conducted a telecommunications study on 911 that required the insight of public safety and 911 experts to relay relevant public safety information to the PSC as they make 911 related telecommunications decisions; and the PSC intends to work collaboratively with the Department of Homeland Security and Emergency Services (DHSES), the 911 Advisory Board and the Public Safety Broadband Working Group to further advance the implementation of NG 911 in New York State, while maintaining their oversight of 911 system affordability and reliability as it pertains to providers of 911 services; and

WHEREAS, a New York State effort to provide coordinated leadership in the area of 911 would be most appropriately empowered to both support the mission of the PSAPs in the state as well as transition the current state's 911 legacy system to a NG 911 system that will better serve its citizens for years to come; and

WHEREAS, leadership from New York State is crucial to ensure success and to prevent future tragedies related to the 911 network in NYS; and

WHEREAS, we urge New York State to adopt the Automated Secure Alarm Protocol (ASAP) which automates all alarms coming from alarm companies and allows for an electronic link between the Central States Alarm Association, the NLETS system and the PSAP's via the NYS e-justice system;

NOW, THEREFORE, BE IT RESOLVED, that this Legislature calls upon the Governor, the State Legislature and the Division of Homeland Security and Emergency Services to create a New York State 9-1-1 Department that best serves the public interest and supports PSAPs in New York State while continuing to allow the City of New York and the 57 counties outside of NYC to receive emergency 9-1-1 calls and dispatch emergency services in a manner that is most appropriately determined by those municipalities; and

BE IT FURTHER RESOLVED that this county joins with the NYS Association of Counties (NYSAC) calling upon the State Legislature and the Governor to enable a State 9-1-1 Department that would:

- Provide funding;
- Issue RFPs and award contracts as necessary to support 9-1-1;
- Establish standards for 9-1-1;
- Apply for and distribute Federal Grant Funds;
- Coordinate and provide training for 9-1-1 directors, supervisors and call takers;
- Provide Public Education;
- Provide necessary networks to support 9-1-1 both in a legacy and NG 9-1-1 environment;
- Provide a Statewide ESInet to support interoperability within and outside of New York State;
- Create, maintain and distribute GIS databases;
- Create and maintain NG 9-1-1 and other appropriate databases to support 9-1-1 efforts;
- Provide and propose appropriate regulation / legislation / tariffs to support 9-1-1;
- Represent New York State in efforts to support and advance 9-1-1 at a national level including participating in events sponsored by NASNA, NENA, APCO and the FCC;
- Provide consultative services to PSAPs in NYS in regards to industry trends, products, techniques, and standards;
- Help manage Civil Service exams;
- Manage the TERT program;
- Provide legal expertise in 9-1-1 related matters;

- Serve as the liaison to 9-1-1 service providers (TELCOs, Wireless Carriers, TCCs, VoIP providers, CPE manufacturers, etc.);
- Provide coordination with the Public Service Commission and work closely with them on tariffs, legislation and other business as it pertains to the 911 field.
- Provide for connectivity via the e-justice system to allow for the Automated Secure Alarm Protocol (ASAP).

BE IT FURTHER RESOLVED, that this county join again with NYSAC supporting the extension of 911 surcharges to any device capable of connecting to 911, including prepaid devices as essential to preserving current resources for 911 services; and

RESOLVED, that copies of this resolution be sent to Governor Andrew M. Cuomo, the New York State Legislature, our Senate and Assembly representatives, the Commissioner of the Division of Homeland Security and Emergency Services and the OEM Director and the Sheriff of Yates County.

AMEND RES. 20-16

WHEREAS, Resolution 20-16 established cost terms of the S&S Hospital administered by Finger Lakes Health (FLH) to charge for the Yates County Jail inmate care per Medicaid rates and the Sheriff now requires enhancement clarification of said terms;

NOW, THEREFORE, BE IT RESOLVED, that the Sheriff is authorized to amend terms with FLH that where it is said “Professional and Outpatient Services – Current Medicaid Fee Schedule,” that it be modified to read “Professional, **Observation** and Outpatient Services – Current Medicaid Fee Schedule,” and

RESOLVED, that a copy be provided the Sheriff.

AUTHORIZE SHERIFF TO SIGN COURT SECURITY SERVICES CONTRACT WITH THE NYS UNIFIED COURT SYSTEM FOR 2016 – 2017

NOW, THEREFORE, BE IT RESOLVED, that per previous Resolution 243-14 that established a five year contract, and upon approval of the County Attorney that the Sheriff is authorized to sign the security services agreement Contract #UCS05-C200486-5000283 for the third period of said agreement at the agreed compensation for the period 2016-2017 being \$377,867, and

RESOLVED, that a copy be provided the Sheriff.

AMEND RES. 285-16

NOW THEREFORE BE IT RESOLVED, that as resolution 285-16 established firearms range costs that the Seneca Lake Duck Hunters Club cost is amended to read \$100 (one-hundred dollars) annually, and

RESOLVED, that a copy of this resolution be provided the Sheriff.

POSITION REVIEW FORM

Correction Officer (Due to officer retiring effective 9/30/16)

October 4 PSC meeting

1. Does this position perform services that are mandated by the Federal or State government?
Yes *State Correction Law via SCOC. That per the last staffing mandate confirmed in 2005 that 38 FT were required. Local governing budget calls for 40 FT.* No
2. If the answer to #1 is no, does this position perform services that the County has traditionally maintained? N/A
Yes No
3. If the answer to #2 is yes, can an entity other than Yates County government perform these services?
Yes No
Why or why not? *Would be contrary to NYS state law. Private run facilities prohibited in NYS.*
4. If this position is not refilled, can other positions be reconfigured to handle the work performed by the person in this position? If so, what positions? If not, how will the work conducted by the person in this position be handled?
Yes No
Other Correction Officers working overtime assignments would have first preference once schedule in place. Otherwise part-timers used if available.
5. If applicable, is there an existing Civil Service Eligibility List for this position?
Yes No Not applicable
6. How are the duties of this position performed in at least four of the following counties: Lewis, Orleans, Schoharie, Schuyler, Seneca and Wyoming? (Is the job title the same? Is it in the same department? If not, please explain.

In all counties listed herein the same titles as in Yates and all work for the Sheriff. The duties are essentially the same in all other counties. The starting wage range all within \$6K of each other in the other counties. \$36K-42K.
7. If the duties of this position are performed by a contract in any of the above counties, please explain the general terms of the contract (the entity performing the contract, the amount paid per year, what department oversees the contract, etc.)
N/A
8. Are there any factors that make it difficult to conduct a comparison of the duties of this position with any of the above counties? If so, please explain. - *No*
9. If this position is not refilled, how will you adjust your operations to minimize the impact of the staff reduction on services? *Through overtime and use of part-time C.O's, however as previously said full-timers get first choice of refusal for any available shift hours once the schedule has been posted. This will maintain the NYS Commission of Corrections mandated minimum number of post coverage's and assignments in the jail 24X7 plus YC needs. We have not had a manpower staffing "official" review since 2003 and that was confirmed by*

them in 2005. Our own internal review indicates if they did one the mandate would be higher than present needs.

10. Will the loss of this position impact overtime? If so, why and how can this be minimized? Please attach an analysis showing any impact on overtime. *Prior answered, understanding that we average 1,000 hrs. a month currently for OT to maintain services. With the added staff above the mandate each logically addresses 160 hours of work time a month and therefore the monthly OT can be less, other than when exigent circumstances regarding transport or medical security etc. is required.*

11. Do federal and/or state aid offset part or all of the cost of this position? If so, how much is the offset?

Yes _____ No _____

Federal as applicable to boarding in federal inmates.

12. Taking into consideration the answers to the above questions, what is the net savings of eliminating this position?

In meeting the mandated staffing there is no savings as I estimate that 90-95% of the available hours will be taken by OT costs and the remainder by part-time hourly.

Should the staffing be reduced by one officer and staffing mandates not fulfilled then one officer will have a "start" salary of \$20.80 an hour X 2,080 hours per year total \$43,264 and in calculating the fringe and retirement 89P plan factor 46.32% on wage of \$20,039 and then total is \$66,303. It should be noted that the CO that left was at the highest STEP24 at \$24.47 X 2,080 hrs. = \$50,897 + fringe etc. \$23,575 = \$74,472. The difference is the savings of \$8,169. Therefore, there will be a budget savings as new one would be at the start rate and savings of over \$8K are considerable.

13. Is there any risk, financial or otherwise, to waiting 30 days to refill this position?

Yes, financial regarding OT. And training time etc.

14. If you are given approval to refill this position, when do you expect to fill it?

November 1, 2016 – From time of letter notifying of retiring and waiting for legislative approval, and then process background etc. to actually hire and then OJT training as we have no part-timer on the current list the hours will be an additional 300 + hours of OT cost before this position gives relief in later November.

15. Please submit any other information that you think would be helpful to this review. *None*
